

## What can 8 million page views do for you?

MyFreeImplants.com is the largest and most popular website for funding plastic surgery in the world. In 2008 MyFreeImplants.com raised over \$2,800,000 to fund breast augmentations. In 2009 we are projecting to raise close to \$4.0 million for breast augmentations. And while our business model may be unique and a little unorthodox, the numbers don't lie - MyFreeImplants is **the** number one debt-free alternative to cosmetic surgery loans. Just think how much of an impact 8 million page views per month could make on your business!

Market research shows we receive more page views per month than any cosmetic surgery listing service in the world! Compare the leading online marketing directories to MyFreeImplants.com

**Publicity:** No cosmetic surgery directory site can boast more press coverage than MyFreeImplants. We receive requests daily for interviews with radio stations, magazines, and television networks all over the world.

**Exclusivity:** Only board certified plastic surgeons may participate. Each city is only open to a limited number of surgeons and surgeons are listed in their location by seniority, so apply now to ensure your top listing.

**Pricing:** Other services charge thousands for basic listings on a website. Our prices are a fraction of what other services cost.

Months	Map	Links	Banner	Price
12	Yes	Yes	None	\$295
6	Yes	Yes	1 month	\$495
12	Yes	Yes	2 month	\$895
